

# Material Safety Data Sheet

Section I – Product Information	
Item Name: PROTERO Odor Reducing Cleaner	
Company's Name: CAF, LLC	Company's General Phone Number: (425) 837-0025
Company's Address: P.O. Box 1121 Maple Valley, Washington 98038	24-Hour Emergency Number: (425) 837-0025 ext. 5
Date MSDS Prepared: September 24, 2005, Revised January 19, 2007	Reorder Hotline: (425) 837-0025 email: <a href="mailto:sales@mycaf.com">sales@mycaf.com</a>

Section II – Hazardous Ingredients			
Chemical Name/Common Name:	CAS NO.	PERCENT	TLV (Source)
Contains no hazardous components as listed in 29 CFR 1910.1200 or other sections of OSHA regulations.			

Section III – Physical Characteristics	
Boiling Point: (F) > 212	Appearance: Light blue liquid.
PH: (1.0% solution) 6.5-7.5	Vapor Density: < 1.0
Vapor Pressure: (mm/Hg): N/A	Solubility in Water: Appreciable
Specific Gravity: (H2O = 1.0) ~1.00	Evaporation Rate (Vs ether) ~1.00

Section IV – Fire and Explosion Data		
Flash Point: N/A	LEL: N/A	UEL: N/A
Extinguishing Media: Water, foam, carbon dioxide, dry chemical		
Unusual Fire and Explosion Hazards: None		

Section V – Reactivity Data
Stable: Yes
Incompatibility: None
Hazardous Decomposition: None

Section VI – Health Hazard Data
Threshold Limit Value - Product (See Section 2 for Ingredient TLV) None Established
Primary Routes of Exposure: Eye - yes Skin - yes Oral - yes Inhalation – no Other
Signs and Symptoms of Over-exposure (Acute): EYES: Mild irritation, redness of eyes. SKIN: Prolonged or repeated exposure may cause mild skin irritation. INHALATION: None discovered. INGESTION: Nausea, vomiting or diarrhea may result from ingestion.
Signs and Symptoms of Over-exposure (Chronic): Contact may aggravate existing skin disorders.
Medical Conditions Aggravated by Over-exposure: Bacterial infection may occur through open wounds or broken skin.
Carcinogen or Suspect Carcinogen Ingredients: NTP - NO IARC - NO OSHA - NO NONE

Section VII – Emergency & First Aid Procedures
Eye: Flush immediately with lots of running water and/or use a portable eye wash flush bottle with eyelids open. Get medical attention if irritation persists.
Skin: Wash skin with soap and water. Apply a topical antiseptic if irritation persists.
Ingestion: Give affected person several glasses of water and induce vomiting. Do not give anything by mouth to an unconscious or convulsing person. Obtain medical attention.
Inhalation: Get to fresh air.

Section VIII – Spill or Leak Procedure
Steps to be Taken if Released or Spilled: Ventilate area. Pick up on an absorbent material, or flush away with water.
Waste Disposal Methods: Note that the contaminates of the product must be consider when disposing. Consult appropriate Federal, State and Local regulatory agencies to ascertain proper disposal procedures and comply with them.

Section IX – Special Protection Information
Respiratory Protection: Not required. Ventilation Requirements: Local exhaust.
Protective Gloves: Wearing resistant gloves is required.
Eye Protection: Not normally required. Recommended if used overhead or misting or spraying.
Other Protective Clothing: Where gross eye and skin contact may occur use and wear appropriate protective clothing, including resistant clothing, rubber boots with pants on the outside, and rubber gloves.

Section X – Storage and Handling Information
Precautions to be Taken in Handling and Storage: Store in a cool dry, well ventilated place away from incompatible materials. Keep container tightly closed when not in use.

Section XI – Disposal Considerations
Consult local Environmental Authorities for all local, state and federal environmental regulations. Local and state laws may differ from Federal, be sure to consult with appropriate agencies for specific rules. Dilute and drain small amounts to sewer.
Discard empty containers as general trash.
