

PRODUCT INFORMATION

winter cleaning solution

blu (blue), n. 1. Scientifically formulated to lower freezing point of liquids. 2. Value, quality, safety and efficiency all year round. 3. Works with OTiS™ super concentrate cleaner, AERiS™ glass window cleaner

PRODUCT

(1 Gallon/3.79 Litres - mixes up to 42 - 32 fl oz applications)

blue™ winter cleaning solution is the necessary complement to OTiS™ super concentrate surface cleaner and AERiS™ glass window cleaner to extend the effective temperature range for below freezing conditions. With just a few pumps of blue™ added to OTiS™ and AERiS™ will extend your cleaning capabilities to be all year round.

OTiS is an easy to use “hands free” solution for cleaning hydrocarbon based oil, grease and grime. OTiS requires no rubbing or scrubbing – simply spray OTiS solution directly onto solid surfaces and rinse off. Allow dirt and grime to drain to floor where it can be cleaned with eXIMO® waterless concrete cleaner (www.mycaf.com/eximo.htm). OTiS costs less than \$0.54 cent per 32 FL OZ bottle and can be used anywhere oil based stains like; gasoline and diesel are present like gas pump/dispenser and nozzles to dirt and grime on carwash equipment. OTiS is also an effective “low cost” solution for squeegee buckets. OTiS and OTiS™blue are an efficient solution for year-round windshield cleaning and squeegee buckets. OTiS ingredients have been tested and Certified by NSF under nonfood compounds, category code A1. The many uses of OTiS are endless.

DIRECTIONS FOR USE

Before using read MSDS for this material. MSDS is available at www.mycaf.com.

Mixing Directions:

- 1. Add blue™ to EMPTY 32 FL OZ OTiS spray bottle or directly into squeegee bucket.
2. blue™ mixing instructions:

Table with 3 columns: Application, (28-35 dF), (15-27dF). Rows: 32 FL OZ, 1 GAL (squeegee buckets).

- 3. Add OTiS™ super concentrate cleaner or AERiS™ glass window cleaner.
4. Fill 32 FL OZ OTiS™ spray bottle or other container with water.
5. Mix thoroughly to dissolve before use.

COMBUSTIBLE LIQUID. DO NOT use near ignition source or while smoking.
