

LUXSS® Polish + UV Protectant Wipes

LUXSS® is a safe, non-aerosol wipe designed for multi-surface polishing and protecting of plastic laminate, painted metal, rubber and wood surfaces. LUXSS removes everything from finger prints and smoke film scuffs to dirt and grime. LUXSS leaves behind a non-oily silicone film to shine and protect. Specifically formulated to fight the effects of oxidation and provide protection from the sun's harmful UV rays, effectively prolonging the life of your equipment. LUXSS will help keep your dispensers, hoses, squeegee buckets and garbage cans looking new.

NEW FORMULA!
